# GENERATION HD2 STUDY

**THIS TRIAL IS STUDYING AN INVESTIGATIONAL DRUG DESIGNED TO TARGET THE HUNTINGTIN PROTEIN**

## Who may be eligible?

- People between 25-50 years old
- You have a formal diagnosis of early Huntington's Disease (HD) or carry the abnormal huntingtin gene and are starting to show early signs of HD

## What will the study require?

- Clinic visits 3 times a year for approx. 2 years
- Clinic visits include spinal injections of the investigational drug or placebo
- A study companion to attend some clinic visits with you
- Phone call check-ins between clinic visits

**Support such as compensation for travel, accommodation and time may be available to reduce barriers to participation**

GENERATION HD2

# US sites participating in the GENERATION HD2 trial

**1 Washington, Spokane**
Inland Northwest Research
(Dr. Jason Aldred)

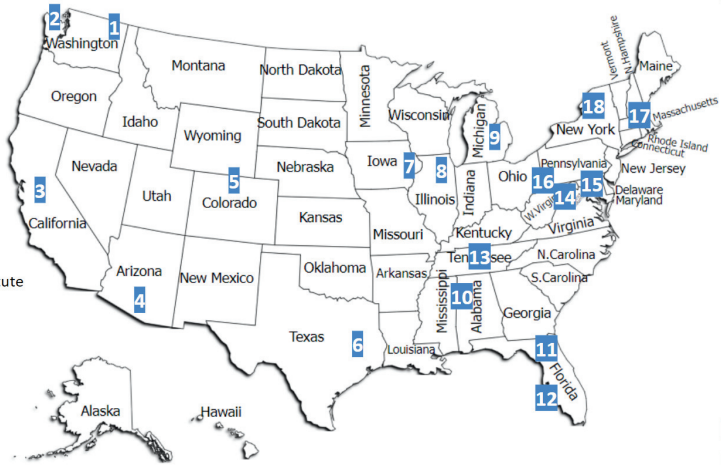

**2 Washington, Kirkland**
Evergreen Health Research
(Dr. Pinky Agarwal)

**3 California, Sacramento**
University of California Davis
(Dr. Alexandra Duffy)

**4 Arizona, Phoenix**
Barrow Neurological Institute
(Dr. Nicki Niemann)

**5 Colorado, Englewood**
CenExel Rocky Mountain Clinical Research
(Dr. Rajeev Kumar)

**6 Texas, Houston**
University of Texas
(Dr. Erin Furr-Stimming)
*Opening Soon*

**7 Iowa, Iowa City**
University of Iowa
(Dr. Annie Killoran)

**8 Illinois, Chicago**
Northwestern University
(Dr. Danny Bega)

**9 Michigan, Detroit**
Henry Ford Hospital
(Dr. Bisena Bulica)

**10 Alabama, Birmingham**
UAB Medicine
(Dr. Victor Sung)

**11 Florida, Gainesville**
University of Florida
(Dr. Nikolaus McFarland)

**12 Florida, Tampa**
University of South Florida
(Dr. Stephen Aradi)

**13 Tennessee, Nashville**
Vanderbilt University
(Dr. Daniel Claassen)

**14 Washington, DC**
Georgetown University
(Dr. Fahd Amjad)

**15 Maryland, Baltimore**
John Hopkins University
(Dr. Jee Bang)

**16 Pennsylvania, Pittsburgh**
University of Pittsburgh
(Dr. Valerie Suski)

**17 Massachusetts, Boston**
Beth Israel Deaconess Medical Center
(Dr. Samuel Frank)

**18 New York, Amherst**
Dent Neurologic Institute
(Dr. Bennett Myers)
