

SCIENTIFIC DIALOGUE

BARROW LIVE ANEURYSM SURGERY COURSE

March 6-7, 2023

September 25-26, 2023

Barrow Neurological Institute

350 West Thomas Road

Phoenix, AZ 85013 | USA

Endorsed by:

Barrow Neurological Institute, Phoenix, AZ, USA

The clipping of a cerebral aneurysm requires a deep knowledge of the anatomy, as well as excellent skills. In a time where a substantial number of aneurysms are treated by endovascular methods, it becomes more challenging for a neurosurgeon to gain and to improve the surgical skills necessary to clip an aneurysm.

This course is designed for neurosurgeons looking for advanced training in treating cerebrovascular aneurysms, cavernous malformations and bypasses. It provides theoretical, practical and surgical training and knowledge on the application of aneurysm clips.

PREFACE

The course, led by Dr. Michael T. Lawton of Barrow Neurological Institute (BNI), in cooperation with Aesculap, Inc., will showcase approaches and microsurgical techniques for various lesions in two live operations.

During the course, there will be two operating rooms live streamed each day. Dr. Lawton will discuss the cases and present microsurgical videos after each operation. The operative schedule will highlight the application of aneurysm clips.

FACULTY CHAIRMAN

Michael T. Lawton, MD
President and CEO
Professor and Chair, Department of Neurosurgery
Chief, Neurovascular Surgery
Barrow Neurological Institute

COURSE DATES

March 6-7, 2023

September 25-26, 2023

DISCLOSURE OF PAYMENTS

Under the provisions of Section 6002 of the Patient Protection and Affordable Care Act, commonly known as the Sunshine Act and now known as Open Payments, certain expenses related to your attendance and/or participation in this course may require disclosure to the federal government. The law requires the disclosure of certain payments or transfers of value provided to covered recipients by pharmaceutical and medical device manufacturers, including: consulting fees, gifts and entertainment, food and beverage, travel and lodging, education, research payments, charitable contributions, educational grants, and some exhibit or space rental fees. Aesculap will take all prudent measures to ensure that the information we are required to report is fair and accurate. Note to healthcare professionals licensed in the states of Massachusetts, Vermont, and Connecticut: State laws may place additional restrictions and/or disclosure requirements on the provision of certain items of value to healthcare professionals by pharmaceutical and medical device manufacturers. Aesculap respects and complies with all state laws.

The Aesculap Academy is one of the leading medical forums for everyone who is professionally, passionately and ambitiously committed to people's health. To those medical professionals, we offer top-quality knowledge transfer based on globally recognized quality criteria using innovative methods and technologies.

CONNECT. EXCHANGE. ENABLE.

The Aesculap Academy has its roots in the company B. Braun, which has been protecting and improving people's health for more than 175 years. With our courses, hands-on trainings and symposia, we help to honor B. Braun's promise of SHARING EXPERTISE.

The courses at the Aesculap Academy offer participants who want to continue to learn in an inspiring environment knowledge transfer and teaching that are adapted to real life: lifelong learning, true-to-life training situations and realistic content for a better life for patients and medical staff.
