

2020 Pituitary Center Patient Education Day

The Barrow Pituitary Center is dedicated to educating patients, caregivers, and loved ones by providing information which is current and non-biased. Experts at this conference will address management of the emotional and physical elements of living with pituitary disorders. We hope attendees will leave empowered to make better informed decisions about their healthcare and achieve their goals for a long and fruitful life.

Saturday, Oct. 24, 2020

8:00 a.m. to 3:00 p.m. • \$20 per person

To register visit us at:
