

Hybrid Event (in-person & virtual)

2021 Barrow Pituitary Symposium

LIVE SURGERY
EVENT

November 6, 2021

Hybrid Conference (in-person & virtual)

Barrow Neurological Institute
St. Joseph's Hospital and Medical Center, Phoenix Arizona

Barrow
Neurological Institute

Who Should Attend

Physicians, nurse practitioners, physician's assistants, nurses and other healthcare professionals with an interest in the application of best practices involving pituitary physiology, pituitary tumors, and other neuro-endocrine disorders.

Objectives

At the end of this activity, the learner should be able to recommend the appropriate diagnostic modalities for patients with pituitary disorders with subtle clinical findings to ensure early diagnosis and intervention by pituitary specialists, describe the appropriate treatment algorithms for patients with various types of pituitary tumors, select the appropriate medical/hormonal treatment options for pituitary disorders before and after surgery as well as in lieu of surgical intervention, and recognize the importance of accurate performance of critical diagnostic testing for post-operative hormonal and electrolyte dysfunction.

Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Surgeons and Dignity Health. The American College of Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

The American College of Surgeons designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Hybrid Conference (in-person & virtual)

AGENDA (Pacific Daylight Time)

7:30 am Zoom link is live, in person registration is open

7:55 am Welcome & Announcements

Kevin Yuen, MD

8:05 am Live Surgery & Case Overview - *Andrew Little, MD*

8:25 am Modern Surgical Management of Acromegaly

Douglas Hardesty, MD

9:00 am Treatment of Prolactinomas: When, How, and How Long?

Roberto Salvatori, MD

9:35 am Surgery Check-In

Andrew Little, MD

9:55 am Break

10:10 am Outcomes after Surgery for Cushing's Disease

Scott Brigeman, MD

10:45 am Radiotherapy for Pituitary Tumors

Michael Garcia, MD

11:20 am Pearls of Diagnosis and Management of DI and SIADH

Kevin Yuen, MD

11:55 am Lunch & Buffer Time

12:45 pm Anesthesia Considerations in Transsphenoidal Surgery /
Advances in Pituitary Surgery

Brian Wilhelmi, MD / Andrew Little, MD

1:20 pm The Sinonasal Approach and Recovery of Pituitary Surgery

Griffin Santarelli, MD

1:45 pm Debate with Case Presentations

Andrew Little, MD, Kevin Yuen, MD, Eva Duran, FNP-C

Topics:

How to treat acromegaly with invasion into cavernous sinus with residual tumor?

Management of complicated post-op complications (DI, SIADH)

Unusual presentation of Cushing's or other complex patient

How pathology results influence post-op management

Managing unresectable cases

2:45 pm Departing Announcements & Adjourn

Hybrid Conference (in-person & virtual)

Due to dynamics of a virtual conference the starting time of each presentation is approximate and may be moved to an earlier or later time
