

Hybrid Event (in-person & virtual)

Dysphagia Management of Medically Complex Patients Across the Continuum of Care

with Martin B. Brodsky, PhD, ScM, CCC-SLP, F-ASHA

Saturday | Feb. 4, 2023
Registration and Agenda Inside

Goldman Auditorium
350 West Thomas Road | Phoenix, Arizona

Barrow
Neurological Institute

Course Description

Critical illness and its associated interventions create vulnerabilities in its survivors, including dysphagia. Often, these medically complex patients have medically complex solutions, but that doesn't mean that approaches to therapy need to be complex. With a working knowledge and a systematic approach, these patients can be equally intriguing as they are challenging. In fact, most will challenge your thinking and your clinical skills, ultimately growing you as a clinician. This course will provide approaches and tools for speech-language pathologists to succeed in the management and clinical documentation of dysphagia in medically complex patients.

Course Objectives

Upon completion of the course participants will be able to:

1. Describe at least 3 approaches to obtaining and synthesizing information data from medical records for the patient's overall condition and cognitive, speech, language, voice and swallowing functions.
2. Describe at least 3 concerns associated with acute care dysphagia management that may have rehabilitation implications.
3. Discuss the differences and limitations of swallowing screenings, clinical evaluations, and instrumental exams across the healthcare continuum.
4. Identify at least 3 ways to improve clinical report writing.

Who Should Attend

Speech-Language Pathologists

Continuing Education Credit

This course is offered for .75 ASHA CEUs (**Intermediate** Level, **Professional** Area).

Full attendance is required. Partial Credit is not offered

Hybrid Conference (in-person & virtual)

AGENDA

Saturday, Feb. 4, 2023

- 7 a.m. *Registration for In-person attendees*
- 7:55 a.m. General Conference Information and Introductions
- 8 a.m. Welcome
- Synthesizing the EMR for Clinical Duties (no matter the setting)
- 8:45 a.m. ED, ICU, and Acute Care Considerations
- 10:15 a.m. *Break*
- 10:30 a.m. ED, ICU, and Acute Care Considerations (continued)
- 11 a.m. Screenings vs. Clinical Exam vs. Instrumental Exam
- 11:30 a.m. Clinical Efficiency
- Noon *Lunch Break (Lunch provided to in-person attendees)*
- 1 p.m. Considering Delirium
- 1:30 p.m. Beyond Acute Care
- 2:30 p.m. Report Writing Tips
- 3 p.m. *Break*
- 3:15 p.m. Decision Making and Ethical Considerations: Case Studies
- 4:45 p.m. Questions and Discussion
- 5 p.m. Adjourn

Guest Faculty

Martin B. Brodsky, PhD, ScM, CCC-SLP, F-ASHA

Dr. Martin Brodsky is Section Head for Speech-Language Pathology in the Head and Neck Institute at Cleveland Clinic and Adjunct Associate Professor of Physical Medicine and Rehabilitation and Pulmonary and Critical Care Medicine at Johns Hopkins University. He is also member of the Outcomes After Critical Illness and Surgery (OACIS) Group, a multidisciplinary clinical and research group dedicated to understanding and improving patient outcomes after critical illness and surgery at Johns Hopkins University. His peer-reviewed research publications and book chapters largely focus on swallowing and swallowing disorders and laryngeal injury after endotracheal intubation. Dr. Brodsky's research is funded by the NIH studying the effects of critical illness and critical care medicine on swallowing and the airway and their long-term outcomes and the FDA studying the progression of dysphagia in neurodegenerative and rare disorders. He is a Fellow of the American Speech-Language-Hearing Association, an Associate Editor for Dysphagia, and a Section Editor for Archives of Physical Medicine and Rehabilitation.

Hotels

Embassy Suites by Hilton

10 E. Thomas Rd., Phoenix, AZ 85012

What to do in Arizona

Arizona is known for its natural beauty and outdoor adventures. It's also home to a bustling metropolitan with some of the world's finest chefs, shopping and nightlife. Whether you explore Downtown Phoenix, Scottsdale or other surrounding cities, your stay will be filled with memorable experiences. To learn more about the Phoenix area, visit visitphoenix.com or experiencescottsdale.com.

Dress

Dress for all sessions is business casual. Temperatures in Phoenix in February average from 72 degrees during the day to 48 degrees at night. Please keep in mind that meeting room temperatures vary, so wear layered clothing to ensure your comfort.

Registration

Dysphagia Management of Medically Complex Patients Across the Continuum of Care

Early Registration: \$175 (On or before 1/21/23)

Late Registration: \$200 (After 1/21/23)

Student: \$90

Registration fee includes: Symposium, program materials and continuing education credits.

Refund and Cancellation Policy: Barrow reserves the right to cancel or change any program for due causes. Cancellation of this program by Barrow or by the participant prior to the start of the conference will result in a full refund of tuition.
