conference/2019sci/](https://www.barrowneuro.org/conference/2019sci/)

# Program Goal

During the symposium attendees will participate in live presentations that provide them with the opportunity to learn about the most current research initiatives and management strategies in the field of spinal cord injury and disease.

## Program Learning Objectives

Upon completion of the symposium, the participant will be able to:

- 1. Describe the importance of understanding imaging as it relates to spinal cord disease
- 2. Describe emerging research and interventions for neuropathic pain
- 3. Describe clinical considerations related to how life roles will impact individuals who are living with SCI/D

## Course Completion Requirements

- 1. To obtain CEU’s from this symposium you must be signed in and be in attendance throughout the agenda to receive full CEUs. If you have to leave early or miss any of the content you are responsible to contact the CE provider and then your CEU’s will be adapted accordingly and your certificate will be sent to you.
- 2. You will have to complete the post course evaluation.

## Target Audience

This program is designed for nurses and allied health professionals who treat persons with spinal cord injury.

## Continuing Education Credit

*This live lecture presentation is an intermediate level program and upon completion of all course requirements the participant will receive 6.25 contact hours (0.625CEU’s). Barrow Neurological Institute*

*is an AOTA Approved Provider of continuing education. AOTA does not endorse specific course content, products, or clinical procedures.*

*PT CEU’s are pending through AzPTA.*

*Continuing nursing education activity approval is PENDING by the Western Multi-State Division, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.*

*Arizona, Idaho, and Utah Nurses Associations are members of the Western Multi-State Division.*
