# Connecting Your iOS (Apple) Mobile Device

There are **three steps** to joining a telemedicine appointment on your iOS mobile device.

1. **Download the free "Zoom Cloud Meetings" app** from the Apple App Store
2. **Launch the Zoom appointment** from your email or calendar appointment
3. **Connect your device**'s audio and video

Step One: Download the Zoom Cloud Meetings App	
• Launch the "**Play Store**" app from your mobile device	
1. Search and select the "**Zoom Cloud Meetings**" app 2. Select "**Get**" to install the app on your device	

- Open the **calendar appointment** or **email** for your telemedicine visit (sent to you from the clinic)

- Click on either the "**Join Zoom Meeting**" or the **"zoom.us"** link

Connecting Video

Note: You may need to tap your screen to see the meeting options and settings.

1. Tap "**OK**" to allow the app to access your camera

2. Select "Join with Video"

Connecting Audio

Note: You may need to tap your screen to see the meeting options and settings.

1. Tap the "**Join Audio**" icon

2. Select "**Call using Internet Audio**"
