

## MRI-Guided Focused Ultrasound

### Patient Education Sessions

Barrow Neurological Institute offers free education sessions for patients who have been diagnosed with essential tremor and tremor-dominant Parkinson's disease and are considering or have been referred for focused ultrasound.

These informative sessions cover the entire process starting with the evaluation, predictors of success, and risks and benefits of the procedure.

***You do not have to be a patient at Barrow Neurological Institute to attend.***

**The education sessions are free  
and held virtually via Zoom.**

For more information about the various treatments at Barrow Neurological Institute, please call **(602) 406-3865** or visit **BarrowNeuro.org**.

**To Register for a virtual patient education session, please call:**  
Cindy McElfresh, Program Manager, Barrow Focused Ultrasound **(602) 406-3865**
