

Undergraduate Internship in Neuroscience

About the Internship

Join the Barrow team as an undergraduate intern for the summer! This paid, 10-12 week program offers students from all universities, nationally and internationally, a unique opportunity to participate in groundbreaking neuroscience research and communication. Limited fellowships are available for international students which provide financial support for travel and accommodation.

- June 2 - Aug. 11, 2023
- Attend weekly seminars to enhance your knowledge
- Learn more about career options
- Present your work at the undergraduate symposium
- Gain the skills and knowledge you need to take your resume to the next level

Application Submittal:

Dec. 5, 2022 through Feb. 3, 2023

Requirements

- Be at least 18 years old by the start date of the internship
- Be eligible to work in the United States (if you are an international applicant, visa application support will be provided for qualifying students)
- Be a full-time enrolled college or university student during the time of the internship as well as in the following fall semester
- Be able to work 40 hours per week during the internship period
