

## Program Overview

Barrow Neuro-Rehabilitative Services offers unparalleled rehabilitative care for individuals with traumatic brain injury diagnosis. The primary goal of Barrow neurorehabilitation specialists is to help patients enhance their quality of life through improved skills, maximized independence, and renewed self-esteem. Specific criteria are identified and must be met to qualify a patient for admission.

### Intensity of Services / Participation Requirements

- Therapy services provided five to seven days a week
- Average of three hours of therapy per day, Monday through Friday with additional therapy on Saturday/Sunday
- Medical stability/absence of medical problems that would interfere with participation in therapies.
- Must be able to demonstrate progress towards meeting established team discharge goals.

### This program does not currently serve persons who are:

- Ventilator dependent
- Medically unstable
- Unresponsive
- Under the age of fifteen years

**226**
