

2024 International Stroke Conference

Barrow Quality and Research Contributions

Poster Presentations and Oral Abstracts

Date and time	Session Title	Poster Number	Presentation Title	Authors
Wednesday Feb 7 6:25 – 6:30 p.m.	Cerebrovascular Nursing Moderated Poster Tour	MP30	Real World Experience With Tenecteplase on a Mobile Stroke Unit	J. Tyler Haller, Tiffany O Sheehan, Daniel Gonzalez, David Z Wang, Michael F Waters
Wednesday Feb 7 6:25 – 6:30 p.m.	Intracerebral Hemorrhage Posters I	P165	Meth Use and Intracerebral Hemorrhage: Really “Breaking Bad”	Elizabeth Anderson, Tracie Schroeder, Michael F. Waters, Daniel Gonzalez, Supreet Kaur, Lynn Ashby, Tiffany O. Sheehan, Patricia Teran, David Z Wang
Wednesday Feb 7 6:25 – 6:30 p.m.	Translational Basic Science Posters I	P294	Endothelial Deletion of Complement C3a Receptor is Neuroprotective in Murine Stroke	Saif Ahmad, Jessica Contreras, Sudhanshu Raikwar, Naseem Akhter, Kanchan Bhatia, Ruchira Jha, Michael F Waters, Andrew Ducruet
Wednesday Feb 7 7 - 7:30 p.m.	Cerebrovascular Nursing Posters I	P59	Impact of Advanced Practice Nursing in Comprehensive Stroke Care	Nancy Rush and Abbi Heater
Thursday Feb 8 7 - 7:30 p.m.	Cerebrovascular Nursing Posters II	P59	Cultivating Stroke Nurse Champions Through Shared Governance	Tiffany O Sheehan, Tracie Schroeder, Kendall Felix, Abbi Heater, Wendy Kramer, Kim Mills-Christy, Debra Stokes, Wendy Warga-Lopez, Ina Reynolds, Jessica Salgado Ortiz, Audra Williams, Madona Plueger
Thursday Feb 8 7 - 7:30 p.m.	Cerebrovascular Nursing Posters II	P67	Know Your Numbers: Refining the Stroke Alert Process for Hospitalized Patients	Tiffany O Sheehan; Tracie Schroeder, Wendy Kramer, Wendy Warga-Lopez, Ina Reynolds, Audra Williams, Madona Plueger
Thursday Feb 8 7 - 7:30 p.m.	Cerebrovascular Nursing Posters II	P62	Stroke Triage Checklist Decreases Door to Treatment	Edward Koch, Shari Flores, Natalie Francis, Shelby Wirtanen, Tracie Schroeder, Tiffany O Sheehan
Thursday Feb 8 7 - 7:30 p.m.	Cerebrovascular Nursing Posters II	P56	Addressing Written Stroke Education and Post-Discharge Prescription Filling for Ischemic Stroke Survivors	Mikaela Atkins, Tiffany O Sheehan, Michelle S Morgan

Thursday Feb 8 7 - 7:30 p.m.	Cerebrovascular Nursing Posters II	P43	Optimizing Sys- tem-Wide Nursing Assessment Doc- umentation of the Stroke Population	Kevin M Baird, Tiffany O Sheehan, Michael Johnson, Dawn Jacobson
Thursday Feb 8 7 - 7:30 p.m.	Clinical Rehabili- tation and Recov- ery Posters	P16	Feasibility of Robotic Exoskeleton Inter- vention in the Stroke Population During Acute Hospitaliza- tion	Alyssa Bowen, Karen Power, Iva Walls, Kaitlin Weis
Thursday Feb 8 7 - 7:30 p.m.	Neuroendovascu- lar Posters II	P212	2b or Not 2b? TICI 2b Reperfusion Score in Endovascu- lar Thrombectomy for Acute Ischemic Stroke Carries a Poor Functional Outcome	Connor Welsh, Patricia Teran, Daniel Gonzalez, Michael Waters, Supreet Kaur, Lynn Ashby, Tracie Schroeder, Tiffany O. Sheehan, Liam Townley, David Z Wang
Thursday Feb 8 7 - 7:30 p.m.	Translational Basic Science Posters II	P320	The Novel Potent Complement C3a Receptor (C3aR) Antagonist JR14a Confers Robust Neuroprotection in Stroke	Saif Ahmad, Jessica Contreras, Kanchan Hatia, David P Fairlie, Michael F Waters, Andrew F Ducruet
Thursday Feb 8 7 - 7:30 p.m.	Translational Basic Science Posters II	P288	Thermoelectric Brain Hypothermia Device	Hanan Alamous, Paula Phan, Shivangi Sarkar, Wid Alsabah, Youssef Abdellatif, Vincent Piz- ziconi, and David Wang

Moderated Sessions

Date and Time	Session	Location	Moderator
Friday, Feb 9 7:30 a.m.	Session 117: Should Unrup- tured Small Aneurysms Be Treated?	Main Hall Event, Halls 1-3	Andrew F Ducruet

Invited Symposium

Date and Time	Session	Location	Title	Presentor
Wednesday, Feb 7 3:50 p.m.	Conference Call Session 133. The Eye as a Win- dow to Stroke and Brain Health: Where Are We in 2024?	Conference Call	Venous Stenosis-As- sociated Intracranial Hypertension: How Do We Treat; How Do We Prevent?	Andrew F Ducruet

Wednesday, Feb 7 10:20 a.m.	Session 143. Vein Voyage: Advancements in Neurointerventional Treatments and Diagnosis	North 120 D Ballroom	Idiopathic Intracranial Hypertension - Endovascular Intervention Update	Felipe C Albuquerque
Wednesday, Feb 7 7:30 p.m.	Translational Basic Science Oral Abstracts I	North 126 A-C	Pharmacological Activation of Efferocytosis Prevents Intracranial Aneurysm Rupture	Takuma Maeda, Yushiro Take, Hioki Uchikawa, Taichi Ishiguoro, Jinglu Ai, Satoru Eguchi, Michael Lawton, Tomoki Hashimoto
Thursday, Feb 8 4:08 p.m.	Session 172: Neurocardiology: A Contemporary and Crosscutting Conversation on Managing the Brain-Heart Axis (A JAHA Journal Session)	North 120 D Ballroom	Patent Foramen Ovale Closure in 2024: Commentaries by a Cardiologist	Haidar Yassin
Friday, Feb 9 7:30 a.m.	Debate Session 117. Should Unruptured Small Aneurysms Be Treated?	Main Event Hall, Halls 1-3	Small Aneurysms Should Be Treated.	Michael Lawton
Friday, Feb 9 7:54 a.m.	Debate Session 117. Should Unruptured Small Aneurysms Be Treated?	Main Event Hall, Halls 1-3	Small Aneurysms Should Be Treated (Rebuttal)	Michael Lawton
