

In-Person Event

Team Pituitary Endocrine Conference

Saturday, Nov. 4, 2023

Barrow Neurological Institute
St. Joseph's Hospital and Medical Center, Phoenix, Arizona

Barrow
Neurological Institute

Who Should Attend

Physicians, nurse practitioners, physician's assistants, nurses, residents, fellows, and other healthcare professionals with an interest in the application of best practices involving the management of pituitary disorders.

Objectives

At the end of this conference, the learner should be able to recommend the appropriate diagnostic modalities for patients with pituitary disorders to ensure accurate diagnosis and intervention by the pituitary team of endocrinologists, surgeons, nurses, and nurse practitioners, describe the appropriate treatment algorithms for patients with various types of pituitary tumors, select the appropriate medical/hormonal treatment options for pituitary disorders before and after surgery as well as in lieu of surgical intervention, and recognize the importance of accurate performance of critical diagnostic testing for post-operative hormonal and electrolyte dysfunction.
